ASSESSMENT AGENT BILL IS KILLED

What Looked Like a Frame-Up
of Several Avaricious Poli-
ticians Yields to the Commit-
tee of the Whole.

Rep. Baker Who Once Led
Revolt Against Speaker
Called to the Chair and Gets
Dose of Own Medicine.

Kalamazoo Telegraph

H. H. Tinkham,
Staff Correspondent.

LANING, Mich., May 4.—Because it was
sneaked about that this bill was primarily
in the interests of two or three Detroit
politicians who were looking for a soft
little berth, the measure of Rep. John
Lodge, providing for the employment of
special agents to investigate the assess-
ment and bring in properties in prop-
erty in the regular assessing, was
killed in the house committee of the
whole Monday afternoon.

Barely Wins Out.

There was quite a merry little fight
over the bill. Another piece of legisla-
tion emanating from the Wayne legisla-
tion just managed to squeeze through.
This was Rep. Flowers' bill for the es-
tablishment of a commission for the
promotion of uniform legislation. Roll
call in hand, Rep. Flowers demanded the
vote of one member after another
until he managed to get the majority.

Gets Own Medicine.

Rep. Herbert Baker, of Cheboygan,
who has been one of the leaders in the
revolt against Speaker Campbell, was
called to the chair to preside over the
committee of the whole yesterday after-
noon. He hadn't been there 20 minutes
before the house proceeded joyously to
hand him some of his own medicine.

Several members questioned his deci-
sion and Rep. Fouch openly charged
him with bad faith in refusing to enter-
tain a demand for a division. Baker
took it all in good nature, made his rul-
ings promptly and stood by them just
as steadfastly as did the real speaker.
He even emulated the speaker by call-
ing Rep. Fouch to the chair and speak-
ing on a bill whereupon Rep. Val
Raalte asked by what precedent he
took such action. Baker simply ignored
the question. It was a merry little ses-
sion.

Rep. McNaughton's bill creating a di-
vision of school district No. 5, Wyom-
ing township, Kent county, was ap-
proved by committee of the whole. This
is to iron out the difficulty between
Grandville and Ionia in the Hol-
land interurban line. A referendum
for the whole district is attached.

MAY TAX OUTSIDERS WHO SELL BOOZE HERE

First Section of New Bill Provides
For \$500 License.

Kalamazoo Telegraph
Legislative Bureau;
H. H. Tinkham,
Staff Correspondent.

LANING, Mich., May 4.—The house
committee on liquor traffic will today re-
port the substitute liquor regulation bill
incorporating the good features of both
the Cranston and Warner bills which
have been before the committee.

The first section of the new bill puts
liquor dealers who act through agents
in Michigan on a par with the Michigan
dealers. Outsiders of this class have
to pay the \$500 license.

The bill provides for revocation of
license for two violations of the liquor
law. It provides home rule with re-
gard to the number of saloons but lim-
its the number to one for each 500 in-
habitants on the premises.

There is also a provision requiring
druggists to sell liquor only on a physi-
cian's prescription and that the sale
shall be but once on one prescription.

The provision that only an American
citizen and citizen of the state shall
engage in the saloon business and pre-
venting anyone getting a license who
has been twice convicted for liquor law
violation in any state is in the new bill.

LANING, Mich., May 4.—Represen-
tative Ball's house bill providing
for the license of all retail fire insur-
ance agents in order to defray the ex-
pense of a state fire marshal, was
killed in the committee of the whole
yesterday afternoon and later brought
to life by mutual agreement.

The bill was to have been amended

mittee of the whole, this amendment
had not been touched. The result was
that a motion to strike out all after
the enacting clause prevailed. Later
the friends and enemies of the measure
got together and patched up a truce.
It was agreed to make the amend-
ment and bring in properties in prop-
erty in the regular assessing, was

FLOWER'S BILL ONLY FORESTRY LEGISLATION

Provides Reserve Shall Not Be Less
Than 200,000 Acres.

Kalamazoo Telegraph

H. H. Tinkham,
Staff Correspondent.

LANING, Mich., May 4.—In the
Flowers' substitute bill, establishing a
public domain commission, it is gener-
ally believed, is the only forestry leg-
islation to be passed by the present leg-
islature. This bill, amended to pro-
vide a commission of seven members
was approved by the committee of the
whole in the house Monday afternoon.

The bill provides that the forestry
reserve shall never be smaller than
200,000 acres. The commission is em-
powered to sell lands outside this re-
serve for agricultural purposes. It
puts all public domain affairs under
control of this commission.

LONG WINDED BILL IS BEING HELD UP

General Roads Law Revision Is Very
Lengthy.

Kalamazoo Telegraph

H. H. Tinkham,
Staff Correspondent.

LANING, Mich., May 4.—The big
general roads law revision bill includ-
ing the clause, making the highway
commissioner an appointive office, has
just come from the printer and there
are some rather pointed indications
that an effort is being made to hold
the bill up until it is too late to pass.
It is the most voluminous bill of the
session and will require two entire
days for its passage in the house, even
under the most favorable conditions.

This bill is a complete revision of
all the state highway and road laws
and includes all the machinery for the
operation of the highway department.
It is designed to take the place of all
highway statutes now in force.

MORE MONEY ASKED FOR NEW IONIA ARMORY

Home Rule Bill for Small Villages
Introduced.

Kalamazoo Telegraph
Legislative Bureau;
H. H. Tinkham,
Staff Correspondent.

LANING, Mich., May 4.—Senator
Bradley introduced the senate bill pro-
viding \$5,000 for the completion of the
Ionia armory. The same bill went in
on the house side yesterday afternoon
at the instance of Representative F. C.
Miller.

Senator Tuttle introduced a home
rule bill for the benefit of villages too
small to come under the provisions of
the home rule bill applying to cities.

Senator Bradley put in a state wide
bill making it lawful to sell German
cannons. The bill provides a bond to be
given to satisfy any penalty for fail-
ure to put back any other fish than
those affected by the bill. The size
of seal mesh is limited.

FAKE DOCTOR GIVEN FIVE YEARS IN PRISON

Anton Wiechers Goes to Marquette
for Betraying Rosa Renz.

[Special to the Evening Telegraph.]
DETROIT, May 4.—Anton Wiechers,
the fake doctor, who betrayed Rosa
Renz, a young girl, was sentenced to
five years imprisonment at Marquette.
Wiechers took his sentence hard. He
had confidently expected an acquittal.
Sentiment was strong against the pris-
oner, as the testimony showed that the
man had enticed the girl away from
home under pretext of making her his
wife.

COLLEGE PREPARING FOR BIG ANNIVERSARY

[Special to the Evening Telegraph.]
HOLLAND, Mich., May 4.—It is ex-
pected that the forty-third anniversary
of the Hope College alumni associa-
tion of Hope college will be the biggest
event of the kind yet held. There will
be two banquets, one for the alumni
and one for the graduates of the pre-
paratory department.

The total number of graduates is
rapidly nearing 1,000 and fully 50 per
cent will attend the commencement
and attendant festivities.

STATE BREVITIES.

COLDWATER.—The appointment of
D. A. Buck, city marshal; E. E. Pal-
mer, city attorney; and Ezra School-
craft, city engineer, were confirmed by
the council last night.

TRAVERSE CITY.—A plea of not
guilty was given by Ben Harmon on a
charge of breaking jail. The charge
for the prisoner's plea was that any
fool would walk out the open door.

FLINT.—George Krelger, 18 years
old, confessed to Judge Wisner just
before he was sentenced to serve two
to 15 years in Ionia reformatory, that
he could not resist the desire to steal.

CORUNNA.—Fred Flicke, who as-
saulted an Arbor railroad conductor,
pleaded guilty to the charge of re-
sisting an officer and was fined \$25.

FIGURES THAT DO NOT LIE TELL WHERE \$10,000,000 GOES

Appropriations So Far Made
Bear Out Prophecy of Gov-
ernor Made at Beginning of
the Session.

Kalamazoo Telegraph
Legislative Bureau;
H. H. Tinkham,
Staff Correspondent.

LANING, Mich., May 4.—Michi-
gan's forty-fifth legislature has just
finished the forecast made for it. This
is to be better than a \$10,000,000 ses-
sion. The actual figures vouch for
by the house ways and means com-
mittee and representing in the main,
the appropriation bills already reported
out, show the total to be \$10,352,989.
This is an increase over the total for
the last legislature of \$1,109,814.

Even at this figure there can be no
question that the ways and means
committee has done some remarkable
work of pruning.

It may be indicated that the only
new building allowed was the struc-
ture for the state school for the blind,
which was made necessary by the fact
that compulsory education of blind
children is provided for in a new
statute.

In the highway department alone,
the cut represents nearly 50 per cent
and the appropriation allowed is but
half of that of two years ago. The
governor's promise that the total would
be nearer 11 than nine million is jus-
tified.

REFUSED TO BURY FATHER.

[Special to the Evening Telegraph.]
DETROIT, Mich., May 5.—Andrew
Natuskiewics, whose aged father killed
himself Sunday, refused to bury
the body of his parent, because he
was a suicide. Natuskiewics said he
had just been married, had a number
of debts, and could not afford the fun-
eral expenses. He asserted, however,
that if the old man had died a natural
death, he would have defrayed the
expense of the funeral. Natuskiewics,
senior, the suicide, will be buried by
the county undertaker.

RHEUMATISM FIGHT TO SWELL MILLARD FORTUNE

Nation's Endorsement of "Fuss" as
the World's Best Cure for Rheu-
matism, Something Unheard
of in Medical History.

FLINT, Mich., May 3.—The news
given last week, dated from Wash-
ington, D. C., referring to the Nation's
fight against rheumatism, the extensive
test to determine the best cure
for rheumatism in this country and the
decision in favor of the Fuss Remedy
Co., promises to make Flint, Mich., the
location for the largest medical indus-
try in the world.

T. C. Millard of this city, discoverer
and owner of the Fuss Cure for Rheu-
matism, had this to say in regard to
the decision: "Of course I am elated
over the remarkable endorsement I
have received for my cure for rheu-
matism. The tests were fair. They
proved beyond doubt, as I have al-
ready shown, that the man, woman or
child, who has tried this remedy and
hasn't been cured is a mighty rare
specimen. I defy any other rheuma-
tism treatment on earth to show the
results that I have already shown and
proven. When a man can stop the
terrible pains of a 14 year case of
rheumatism for an old lady of 77 years
old in three days, or a case like that
of John Goldsworthy, way out in Mo-
desto, California, who had suffered for
years and was cured with three bottles
of Fuss is surely a wonder. And
when you can't find a failure in any
case, and they come at you in groups
of a dozen and offer you congratulations
and ask for more of the treat-
ment, it proves it still more.

M. C. TO SPEND \$10,000,000 FOR NEW UNION DEPOT

Meeting of Directors, to Be
Held in Detroit Wednesday,
Will Consider Plans for Pro-
posed Structure.

[Special to the Evening Telegraph.]
DETROIT, May 4.—A new union sta-
tion, to be built by the Michigan Cen-
tral railroad company, will be one of
the matters discussed by the directors
of that concern at a meeting in Detroit
Wednesday.

Preliminary plans have been consid-
ered and it is estimated that between
\$4,000,000 and \$10,000,000 will be expen-
ded on the structure, should the plans
materialize. It is believed that the mat-
ter will be given favorable considera-
tion.

[Special to the Evening Telegraph.]
LANING, Mich., May 4.—An effort

battle flags returned to the states from
which they were carried in the war.

In this connection Gov. Warner has
received a letter from the governor of
Alabama asking for the return of the
battle flag of the First Alabama caval-
ry, now in the museum here. Col. J.
N. Cox, adjutant general and others,
recommended that the flag be sent
back.

There are now in the possession of
the state two flags carried by North
Carolina troops, two carried by Vir-

Monkeys and Musicians Merrily Mingle at Majestic

A GALATTI MONKEY TRICK.

With monkeys that made musicians of themselves and musicians that made monkeys of themselves, one of the best vaudeville programs Colonel Butterfield has ever offered for the delectation of an expectant play-going public opens and closes. Yes, indeed, but there's a whole lot happening between, that will do very well, thank you.

That is to say, the current bill at the Majestic is one which for excellence would fairly justify the use of a few superlatives by way of praise. Outside of the motion pictures and the usual "overture" by the orchestra (consisting of piano and drum) there are only four acts but they are all good. Galatti's dogs and monkeys furnish a bit of entertainment not only amusing, but really and truly clever. Two of the monkeys play on the bells "Way Down Upon the Suwanee River" and "The Last Rose of Summer," and they do it well enough so the professor at the piano is able to play an accompaniment in fairly regular time. The act ends with a laugh-provoking scene in a barber shop, where one monkey tries to give another a hair-cut and shave, with complications—until both pull out their coats and prepare to fight it out. The musicians who make monkeys of themselves are Jack Connelly and Margaret Webb. Connelly gives every evidence of being an accomplished pianist, but it is

the acrobatic "stunts" on the piano he performs which bring down the house. Miss Webb is a vocalist of no mean abilities and contributes her share to the fun. The two "between-acts" are hardly less meritorious. Harry Gordon is not merely a ventriloquist, but an artist at it, and he gets real comedy out of the lay-figures he manipulates. Johnny McVey and his four college girls combine in a feature which is attractive, including as it does bits of singing and dancing participated in by a good comedian of the Cohan style and four stunning looking young women, who know how to frisk about the stage in the fluffy clothes—according to the most approved and proper style.

And what more could one ask for a single price of admission?

Miss Nancy Boyer who has appeared here several times and who has many friends here, will be seen at the Academy of Music Theatre Friday and Monday nights, May 3 and 10, in two clever comedy dramas. Friday she will give "A Country Wife's Romance" Monday, "Queen of The Arena," a beautiful circus play.

For a burn or scald apply Chamberlain's Salve. It will allay the pain almost instantly and quickly heal the injured parts. For sale by all druggists.

WERNSTEIN GETS LICENSE TO SELL DRINK DOSES

Common Council Approves
Bonds at Meeting Monday
Night—Also Takes Saloon
Limit Off.

The city council at its Monday evening session killed two birds with one stone, smashing the saloon limitation ordinance recently passed and warding off what might have been an expensive lawsuit with no chance of winning—by approving the liquor bond of Louis F. Wernstein.

At Friday evening's adjourned meeting the bond was held up "for investigation." Attorney Harry C. Howard, representing Wernstein, Monday morning petitioned Judge Kauffman for a mandamus compelling the council to approve the bond or appear in court and show cause. It was late Monday night before Sheriff Campbell could obtain service on all the aldermen, Mr. Burr being out of the city and not returning until a late hour. A few minutes after he arrived at the council chamber the sheriff appeared and served a copy of the court's order upon him. The prompt action taken by Wernstein and his attorney had the desired effect, for the bond was approved, every alderman voting in the affirmative.

Besides the Wernstein bond, one sidewalk builder's bond, ten for pool and billiard rooms, one scavenger's, and ten druggists' bond also received the council's sanction.

Would Compel City Ordinances.

A resolution offered by Alderman Winslow of the ordinance committee expressed it as the committee's opinion that a compilation should be made of the city ordinances at once. In explanation of the resolution the alderman stated that many of the city's laws were obsolete, others imperfect, and that there had been no compilation since 1899. The contemplated passage of the home-rule bill by the legislature would render it imperative that the dead wood be stricken out and many imperfect ordinances reenacted and printed. The resolution was adopted.

A proposition was made by A. C. Gilbert, owner of a triangular strip of land on Michigan avenue south of and adjoining the Michigan Central railway, to sell the parcel to the city for \$100 and interest, sidewalk and other expenses. Referred to the finance committee.

Alderman Muffley of the purchasing committee submitted a long list of printed supplies necessary for the various departments for the coming year, on which the city clerk was instructed to ask for bids to be in by 5 p. m., Friday.

Will Build Storm Sewers.

Storm sewers to cost \$12,619.50, for which bonds will be issued, were ordered built. Alderman Ten Busschen presenting the resolution for a 48-inch sewer on Clay street, 36 inch on Park street, and twenty inch on John, Vine and Walnut streets, the resolution being adopted. The city engineer was directed to begin the work at once.

A resolution offered by Alderman Molhoek directed the city engineer to submit estimates of the cost of a storm sewer on south Burdick streets between Reed and Maple streets, the

In order to further the selection of Kalamazoo as the place for holding more conventions Alderman Ten Busschen offered a resolution asking delegates to the National Bartenders' convention to extend an invitation from the city to hold the next meeting here, the resolution being adopted.

Duties of Auditor Defined.

The duties of the city auditor were defined in a resolution presented by Alderman Muffley and passed. It gives him the right to have access to the books of all departments that accounts may be properly checked up.

Street sprinkling was the subject of a resolution offered by Alderman Burr, who desired that the city enter into a contract with the M. U. R. whereby the company is to pay its pro rata share for sprinkling of streets on which its tracks are laid. After some inquiry into the legal phase of resolutions and the opinion given that the city would waive none of its rights the resolution was adopted.

Alderman Martin, in a resolution, called attention to the report that gravel was being removed from Wheaton avenue. The street commissioner was directed to investigate and prevent further removal.

Relief for High Water.

The present high water in the river was the subject of a motion authorizing the aldermen to order such relief as was found necessary to residents of the flooded district.

A bid of \$15 was offered by Very Rev. F. A. O'Brien for the band stand in Bronson park, which was accepted. Alderman Martin objected to the sale, but was outvoted.

Petitions were presented and referred as follows:

Building committee—Of F. D. Van Volkenburg for permission to make alteration in plans for addition to the Columbian hotel of Fry & Hill for permission to remodel the second-story front of building at 114 east Main street.

Sidewalk and bridge committee—Of Willie S. Colgrove to erect an electric sign in front of the City Rescue Mission; of Lee M. Brown, for electric sign at 308 west Main street; for an electric sign at 416 Portage street; of Henry F. Severens for permission to

construct a four-foot walk on Thompson street; of F. J. Maus and others for walk on the north side of Hays Park court.

City lighting committee—Of E. E. Cavanaugh and twenty-five others for street lamp at intersection of Park and North streets.

Street committee—Of J. B. Balch and thirteen others for combined cement curb and gutter on Stuart avenue between Kalamazoo avenue and North street; of Benj. Baker to move a building from 115 Porter street to 45 east Ransom street; of H. J. Bresson and 132 others for a flagman at the Seminary street crossing of the Michigan Central railway.

Water committee—Of Manfred House and others for a two-inch water main on Poplar place.

Police and fire commissioners—Of F. C. Butine and twenty-three other residents north of Bush street for fire protection.

Board of health—Of Cornelius Luyendyk for \$25.14 for 419 pounds of meat alleged to have been destroyed by Alexander G. Smith, acting as meat inspector on Aug. 15, 1908.

ITALIAN OBSERVER PRAISES WEALTHY

Guglielmo Ferrero Says Millionaires are Misunderstood.

PARIS, May 4.—The observations on the United States of America by Guglielmo Ferrero, the Italian historian, which are appearing in the Figaro, are attracting much attention.

Signor Ferrero finds that the immense power wielded by the rich in America is due to their untrammeled activity, particularly as compared to Europe, where the state retains more or less control of all enterprise.

The American millionaire occupied a different position from that of his European confrere. He has responsibilities which in Europe fall upon the state and with responsibility comes power. Owing to the weakness of the state in America, all the superior intellectual and moral life of the country, scientific as well as religious, is falling gradually under the influence of the wealthy classes.

Yet this state of affairs, Signor Ferrero affirms, is not as monstrous as believed in Europe, where the difference between the state and forces of capital in America are not understood.

A Bad Back Makes Life's Journey Hard

Kalamazoo Testimony

Proves the Wonderful Merit of Doan's Kidney Pills. Willing
Statements of Residents of Our Own City. This Is
Proof That You Can Verify.

First Street

William W. Vanderveer, retired, 1033 First street, Kalamazoo, Mich., says: "I can recommend Doan's Kidney Pills at this time as highly as I did in 1906. I have been free from kidney complaint ever since using this remedy."

On November 6, 1906, Mr. Vanderveer said: "For several years I was a traveling salesman. My kidney trouble was brought by the jarring I received when riding over rough roads and the different kinds of water I was forced to drink. My back was very weak and there was a dull ache in my loins and shoulders. I could not rest well and though I tried plasters and remedies of every description, I found no relief. The doctors also prescribed for me, but I continued to suffer until I began taking Doan's Kidney Pills, procured from the George McDonald Drug Co. In three days the backache disappeared and it was not long before I was cured."

E. North Street

Mrs. Florence Thomas, 108 east North street, Kalamazoo, Mich., says: "My experience with Doan's Kidney Pills dates back ten or twelve years but I have not forgotten the great benefit I received at that time. Was afflicted with kidney complaint, the chief symptom being severe pains in the small of my back. The passages of the kidney secretions were irregular and distressing. I had headaches and dizzy spells and was in a run down condition when I read about Doan's Kidney Pills. I procured a box from the Geo. McDonald Drug Co., and they brought such prompt relief that I continued their use until I had finished three boxes. In view of all Doan's Kidney Pills have done for me, I never lose an opportunity to recommend them."

Backache and kidney and bladder diseases are becoming more common in every walk of life. It's due to the hurry, worry and strain of modern living. The kidneys are overtaxed—can't keep up with their never-ending task of filtering the blood. Lame back comes, backache, dizzy spells, urinary disorders, stitches of pain when stooping or lifting, rheumatic twinges.

BURDENS LIFTED FROM BENT BACKS.

Not one of the early warnings should be overlooked, for neglect often results in a fatal case of diabetes, dropsy, Bright's disease or stone in the kidneys. Strengthen the bad back—cure the weakened kidneys with Doan's Kidney Pills, the remedy that is endorsed by our own townspeople.

Doan's Kidney Pills cure backache, kidney and bladder troubles. At any drug store, 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., Proprietors.

Jasper Street

Leopold Hofer, 412 Jasper street, Kalamazoo, Mich., says: "A constant, dull pain in the small of my back annoyed me off and on for years and during the winter I was bothered the most, as my kidneys seemed to be affected by the cold weather. Being in a stooped position so much of the time at my work tended to make the trouble worse and I was also annoyed greatly by too frequent passages of the kidney secretions. When I read about Doan's Kidney Pills, I procured a box from the George McDonald Drug Co., and splendid results followed their use. My kidneys were strengthened, the passage of the secretions were regulated and my back became free from pain. I can highly recommend Doan's Kidney Pills."

E. Frank Street

Mrs. M. Hill, 426 east Frank street, Kalamazoo, Mich., says: "Last winter as the result of an illness, my kidneys became disordered. My back ached almost constantly and my work which required me to stoop a great deal brought on severe pains. I often had dizzy spells and when these came, I had to grasp something to keep from falling. The kidney secretions were also very irregular in passage and I felt miserable in every way. When I learned of Doan's Kidney Pills, I procured a box from the George McDonald Drug Co., and had used them only a short time when I felt better. The backache soon disappeared, together with all the other annoyances."

The above statement was given in 1906 and was confirmed by Mrs. Hill on November 6th, 1908 in the following words: "I am just as strong in my praise of Doan's Kidney Pills as ever. I find that an occasional use keeps my kidneys in a normal condition and prevents any return of backache."

WHY WAIT FOR A FLOOD?

Why must Kalamazoo wait for a disastrous flood, involving immense property damage and probable loss of life, to demonstrate the necessity for dredging and deepening the Kalamazoo river?

Will the city only take cognizance of this menace when it is too late?

With the river over its banks, flooding nearby streets and isolating houses on the lowlands, we have a striking demonstration of the need, outlined in the platform adopted by the Republican city convention this spring, and to which the Republican party stood pledged.

Prompt and immediate steps, in co-operation with the state, or under state permission, to remove this Kalamazoo river peril, comprised the demand of the Republican party.

Will the present city administration do anything to end this condition of menace to life and property?

THE COMMODITIES CLAUSE.

Most important of United States supreme court decisions in many months was that announced yesterday, by which the commodities clause of the Hepburn law was upheld. The decision of the court upholds the contention of the government in one respect, and in another leaves a wide loophole for exactly the sort of commerce the commodities clause was designed to prevent.

In intention, the commodities clause of the Hepburn measure forbids interstate railroads from transporting beyond the borders of a state any product of its own, except lumber and such coal as is necessary for its own use. The plan of the framers of the law was to force disassociation of the coal industry and the railroads, the latter now absolutely controlling the coal situation.

The supreme court reversed the decision of the lower court, which had declared the commodities clause unconstitutional, upholding the clause at its face value, but holding, especially, that the law does not prohibit railroads from owning stock in other companies, which, in turn, own the coal to be transported. In effect, this means that the railroads must disassociate themselves from the coal they mine before it leaves the state—sell it to a subsidiary company, of course.

In commenting upon this decision, the Detroit Free Press says:

"It thus appears, first, that the commodities clause is a vital and operative statute with respect to all products, such as coal, which the railroad companies actually own at the time of transportation, and that the railroads must sell such products to somebody else before they can lawfully ship them, and, second, that unless that act is promptly amended so as to include stock ownership, the railroads can escape the law entirely by converting their direct ownership of coal properties into stock ownership by the organization of subsidiary coal companies. "The effect of this decision under existing conditions is favorable to the railroads and the government lost on practically all points except in the sustentation of the principal involved. In holding that congress had not gone beyond its authority in enacting the law the court conceded the right to legislate, and it is believed that if so disposed congress might enlarge and extend the scope of the provision. Hence, while the railroads gain a practical victory the government is not confronted by a constitutional bar from further acting in the direction of control of the roads in the matter of ship shipment of their own commodities." And it may interest Telegraph readers to know that The Telegraph was the only Kalamazoo newspaper which gave its readers the news of this decision yesterday—the day it happened.

BAITMORE, Md., May 3.—In the story of Wm. F. Downs of Baltimore is a lesson for every American city.

Downs, you remember, is the \$1,400 clerk in the city treasurer's office, who is short something like \$100,000 in his accounts.

Downs wasn't one of those fellows who steal away unsuspected between daylight and dawn, and strike a quick packet for Newfoundland. That may happen in the best regulated cities. He had been taking the money for more than two years.

Nor did he hoard the money away, or make any secret of spending it. In the broad light of day, in the most conspicuous manner, Downs flung the fives and tens and fifties and hundreds. In the big saloons and grills, on the race course, in chartered cars, in expensive clothes, the money went.

"Billy" Downs spent money like a young Pittsburgh millionaire. All Baltimore knew him as a high flier.

Now the point in this lesson that goes home to all American cities is this:

Everyone knew Billy Downs was spending money, but no one cared enough even to wonder where he got it.

The city treasurer knew Downs well—knew that he had no money of his own—but it never occurred to him to question his accounts.

And Downs had absolute freedom of

BILLY DOWNS, \$1,400 CLERK, DRIVING HIS \$5,000 RACE HORSE

access to the city's strong boxes. The city treasury of Baltimore lay open to his touch.

If just for the sake of protecting the young \$1,400 clerk from too much temptation, the higher officials might have thrown some safeguard around their city vaults.

The absolute callousness and indifference of the officials of Baltimore is the most startling part of the whole ugly disclosure. It was just a case of letting a willful, reckless young man go anywhere his devil-may-care head might lead him.

And out of this may come investigations which will shake Baltimore official circles from end to end. The citizens, aroused, will demand thorough house cleaning of their city hall.

They know now—too late, of course—that such a scandal as Downs's was only possible because of public apathy toward city affairs; public neglect, in the end, is a business method.

Downs's method of taking money was ridiculously simple. It was his duty to take the city money to bank every day. He would take out a \$1,000 or as much as he wanted, then change the deposit slip. That was all.

No one ever checked up the deposit slips. Or compared the bank balance with the city books. Sometimes Downs didn't bother even to turn in the deposit slips. They found a lot of them at his house.

It remained after two years for a teller at the bank to start a little inquiry which brought on the discovery. Then everyone was shocked. They should have been so long before.

As he waited trial, Downs's hard, strong jaw hasn't relaxed. He is cool, indifferent, bored.

Maybe he had counted the cost long before, and decided he would be willing to pay the fiddler when the dance was over, that had been a good dance, and he could afford to.

A STIRRING STORY OF ROMANTIC LOVE AND ADVENTURE, WITH A BEAUTIFUL HEROINE, BY ELIZABETH ELLIS.

(Copyright, 1906, by Dodd, Mead & Co.)

(CHAPTER II Continued.)

The door of the man opened, and a figure emerged at sight of which the troopers shrank back sheepishly, and the corporal's air of importance vanished utterly.

"What is the meaning of this disturbance?" sharply demanded the new arrival.

Barbara turned eagerly towards him. "Are you the leader of these butchers, sir?" she enquired haughtily.

Though somewhat astonished at this unexpected mode of address, Captain Protheroe, for he was, smiled slightly and answered politely enough.

"I am the captain of these men, if that is what you would ask, madame. Are all soldiers butchers in your estimation?"

"Soldiers!" she cried scornfully. "Call ye them soldiers? But of which the troopers shrank back sheepishly, and the corporal's air of importance vanished utterly.

look that boded ill for that self-satisfied mortal.

"Sirrah! Is this the way you carry out my orders? Have I not said I will have no violence to the village folk, and by heaven, who needs to be obeyed? I have long known thee for a knave. Art thou a coward, too, that thou canst not force children to help thee with thy work? Is this thy notion of a soldier's work? I'll teach thee better knowledge of thy duty ere I've done with thee. 'Tis not the first time I've heard such complaints; see to it be the last, or by the saints 'twill be the end of thy service. I'll have no bullies in my troop. Go, sirrah!"

The discomfited corporal slunk off down the street casting an ugly glance at the girl who had brought such a rating upon him. But for her part, Barbara laughed and waved her hand after the retreating figure.

"Fare thee well, Sir Knight of the whipcord," she cried gaily.

When the corporal had vanished, followed by other troopers, the captain turned to Barbara with a bow and said coldly:

"I trust you are satisfied with these orders, madame."

wardly lie. "Twas no embrace, as you might know well. 'Twas—'Twas—"

Her persecutor was as unmoved by her passion as he had been by her rating.

"Embrace?" he drawled in polite astonishment. "Nay, then I pray you pardon my mistake, which you will grant me was a natural one. Truly, an that be your manner of assailing your enemies, I forgive the fates for having ranked me among their number, and shall desire of them nothing better than continuous battery at your hands."

"Have your desire then," cried Barbara furiously, and doubling up her fist she dealt him a fierce blow on the side of his face.

With a quiet smile he turned his head.

"The other cheek, madame?"

Barbara gasped and for a moment stared down into the cool face raised to hers. Then, suddenly, her eyes twinkled, her mouth dimpled, and she broke into a soft, half angry laugh which, however, she quickly repressed.

"By Heaven, sir, an you be not the most aggravating man in the kingdom, Heaven grant I may never meet him. How dare you detain me thus? Loose my pony instantly."

He drew back with a low bow.

IS BECOMING POPULAR

Great Crowds Witness Spectacular Endurance Contests.

It means much for the health and happiness of Americans that walking and running are becoming more popular as outdoor pastimes. Some people walk for health. Others walk or run for medals and the plaudits of the crowd. The former get health and strength from the pastime, while the latter quite often do themselves permanent injury by overtaxing their physical powers.

The recent pedestrian feats of Weston and Longboat, not forgetting the wonderful performance of Henri St. Yves, who won the recent Marathon race at New York city, defeating five of the greatest Marathon runners of the world, excited great popular enthusiasm and was witnessed by tremendous crowds.

Five hundred thousand persons saw Edwin White win the Bronx Lym Marathon race at Seagate on Washington's birthday. He ran 26 miles, 385 yards in 2 hours, 53 minutes and 40 seconds. One hundred runners took part in the contest, a number of them falling out before they had run very far. How did he do it? Of course it required special training as well as food that was rich in the material that gives muscular strength and endurance. In an interview with a reporter for the "New York World" as follows: "Three Shredded Wheat biscuits, four eggs beaten up raw, a quart of milk and two oranges. That such a feat could be accomplished on such a simple diet naturally taxes the credulity of persons who still cling to the foolish notion that you can get strength and endurance only from heavy meats and starchy foods. As a matter of fact, the eggs were not needed, for the reason that they do not contain any muscle-making material but are supposed to be rich in the phosphates which are a food for the brain."

Grecut Post, No. 79, G. A. R. is anticipating one of the pleasantest times of the season tonight, for in addition to the regular evening meeting, speeches will be made by prominent members, on the occasion of planting the memorial tree in Bronson park last Friday. The associate society, on Wednesday, elected to membership in the associate society are invited to be present. After the speech making the associate society will hold a short business session.

Burr Oak Hive No. 220, L. O. T. M. will hold a social session at the Macabee temple tonight. Mrs. Minnie Clement is chairman of the committee.

Twenty-seven new members of the Women's Relief Corps will be initiated at the meeting at the post building this afternoon. On Wednesday evening the twenty-second anniversary of the founding of the local chapter will be observed. An appropriate program of speeches and music has been arranged.

The Knights and Ladies of Security are planning to send a number of their members to Grand Rapids to attend a large reunion of Western Michigan councils at that place Thursday night. A hundred candidates are to be initiated into the order, and of which has been held every two weeks this winter has proven very successful. The next big attraction of the lodge in the dancing line will be the barn dance at Oakwood, for which plans are being made.

Directoire Still Vogue for Bride

Here's the June bride of 1909.

Since the time of the 1908 bride the directoire style has come and partly gone. But the 1909 bride has touches of the directoire style in her gown.

This gown, fresh from Paris, is of soft white satin, with the high empire waist line, draped bodice trimmed with hand embroidery, long chiffon sleeves, a collarless chiton yoke.

The skirt is of the rigidly simple directoire lines, with a long train cut square.

A pearl band-trimming outlines the yoke, the embroidered bands and finishes the sleeves.

The veil is of real duchesse lace and extends quite to the end of the train.

W. C. I. LEAGUES
OUT OF DEBT,
REPORTS SHOW

Annual Meeting of Association Held This Afternoon—Much Work Shown to Have Been Accomplished During Year.

At the annual meeting of the Women's Civic Improvement League held this afternoon at the Commercial club rooms the league was shown to be entirely out of debt and it was also shown that the usefulness of the league is growing each year and that its work is broadening.

As general secretary of the Charities of the poor Mrs. Anna H. Borden said: "The work of the Charities organization of the Women's Civic Improvement League has had a very successful year. This is the first time in the history of the organization which is four years old that the office has been open every day, Sundays and holidays excepted. Heretofore the office has been closed during the months of July and August, but last summer the general secretary was in the office every day from 8 until 12 and in the field during the afternoon. The same arrangement will be made this summer. The poor need our services in hot weather the same as in winter. It is true we do not have as many calls but often cases are extreme. Men who perforce desert their families are apt to leave this season of the year and usually many cases of sickness are reported caused by intense heat."

More Applications.
"We have had 300 more applications this year than last year and many more inquiries concerning the poor have been received. This would indicate that citizens are realizing more and more the value of an organized charity in the city."

"In regard to the service we can render them by the investigation we make and the information we have in our registry which number now over 1,200 cases."

"We have had a much larger number of tramps this winter than ever before and although we only had two carloads of wood compare with seven of last year yet we have never turned a man away without aid of some kind. We have always been able to give enough employment to pay for meals and lodging."

"Through the kindness of the Gas Co., two large trees have been given to us. It was an interesting sight to see the men in the wood yard using the cross cut saw. Some of the men who applied were really looking for work, some were hobos and some were real tramps."

Improved Conditions in Homes.

"In regard to the poor of the city we have been able to improve conditions in a large number of homes. One family consisting of a man, wife and four small children living in a house without any furniture excepting a heating stove. They were sleeping on rugs and used boxes for tables and chairs. We sent them a carpet, bed and a couch and the Home Furnishing Co. gave them six chairs. The man secured work and we sent the woman out for days' work. Some neighbors kindly consented to look after the children while the father and mother were away. The family has now become self-supporting."

"We have had good co-operation from the city and county officials. On Thanksgiving day the schools sent us barrels of provisions and we were able to send out many baskets to the poor. Through the kindness of private persons who asked us for names of families, dozens and dozens of dinners were sent out."

"At Christmas time the Charities organization acted for The Evening Telegraph in superintending Christmas gifts to poor children. We also furnished a list of names to the Gazette for their Christmas tree festival."

"The president of the league, the directors and general secretary of the Charities organization attended the state conference of the Charities and Corrections which was held in December."

Investigating Immigration.
"The organization has undertaken for

the immigration commission an investigation of all applicants for the six months ending June, 1909.

"We wish to thank the editor of The Telegraph for having donated his paper regularly and also to thank all the daily papers for publishing our notices and advertisements free."

"Through this organization the United Coal Yards Co. has given 15 tons of coal to the poor and we want to thank them for the kindness. We are thankful to all who have helped either financially or by services and in closing I want to thank the board of directors for the interest and advice they have given. I certainly appreciate your kindness and I thank you all."

Unknown Wives of Well Known Men

Mrs. Howard Chandler Christy, wife of the artist who created the famous Christy girl, is the original Christy girl. She has been the model for all her husband's pictures.

Mrs. Christy, who was Miss Maebelle Thompson of New York before her marriage, is an undeniably beauty. She accompanies her husband wherever he goes on sketching trips. Their summers the Christys spend on the old Christy farm near Zanesville, O., where the artist spent his boyhood days. There he had built him a studio 400 feet above the Muskingum river in which there was a romantic beginning of the love story of the Christys quite befitting the wedding of a Rough Rider artist and the prettiest girl in New York.

He first saw her in a restaurant with her mother. Both women were in mourning. The artist in him took fire at the girl's undeniably beauty and after trying vainly to find some one to introduce him he boldly went to her home and introduced himself.

"Take this card to the young lady in mourning—don't know her name," he said to the maid at the door.

The wedding took place a few months later and Maebelle Thompson,

the "girl in black," whom Christy had hunted over half New York, became the "Christy Girl."

BARBOUR BOYS'
BAND SERENADES

Musical Organization of Nazareth Plays for Friends Down Town.

The Boy's Band of Barbour hall, Nazareth academy, made a short tour of principal downtown streets Monday afternoon, serenading various places of business. The Telegraph was pleased to be on the list of the boy's band. The band is under the leadership of Master Thomas Quinn, drum major, and plays difficult pieces with an easy

grace. The Very Rev. F. A. O'Brien accompanied the boys on their serenading trip.

Early in the afternoon the band met the Paulist church choir of Chicago, who passed through the city on the 1:15 train on their way to Detroit.

MANY WOULD LIKE TO TAKE CARE OF STATE'S PRISON

Deposed Warden Has Many Would-Be Successors Who Are Working Hard to Obtain the Job

[Special to the Evening Telegraph.] JACKSON, Mich., May 4.—Wesley Thomas, of Paw Paw, is one of the aspirants for the position of warden of the Michigan state prison. There are several others, however, and all are well known. The board of control will meet this morning and will demand the resignation of Acting Warden Wenger, after the receipt of which, a temporary warden will be appointed.

Wenger, who succeeded Former Warden Armstrong, was indicted by the grand jury for perjury, and was arraigned in court Monday. He pleaded not guilty, but immediately after his examination, Wenger was told that his resignation would be accepted by the board.

The applicants for the job have been working hard for some time, and the news that Wenger would have to get out, lent additional zest to the campaign. Candidate Hart, of Battle Creek, is strong, a delegation appearing before the governor in his behalf. Gen. W. T. McGurran and Former State Senator A. J. Peck, of Jackson, are other candidates who have a strong following.

Keeps Bowels Open; Free

There is no function of the human body so important as keeping the bowels open. Upon the condition of the bowels, more than upon any other one thing, depends the health and well-being of the entire system. There is scarcely a sickness that has not got constipation and stomach trouble complicated with it. It is at the bottom of most of the serious diseases of life.

Every grown up human being ought to have at least one full and easy evacuation of the bowels every 24 hours. But unfortunately there are thousands who do not get this. No matter what is the nature or cause of their constipation, and no matter how chronic and long-standing it is, they will not find a better cure than the well-known Dr. Caldwell's Syrup Pepsin. So confident are the dispensers of this wonderful laxative that it will cure any case of constipation in young or old, that they will send a free test bottle to anyone who sends name and address to Dr. Caldwell.

The sample will do for any constipated person what it did for Mrs. W. D. Fuller, of Eaton Rapids, Mich., for Mr. J. F. Edwards, of Lebanon, Tenn., and a host of others in all sections of the country. After having used the sample they will do as Mrs. Fuller and Mr. Edwards did, which is to go to the nearest drug store and buy a regular bottle, which costs 50 cents or \$1, according to the size. Dr. Caldwell's Syrup Pepsin is not a tablet powder, but a liquid laxative tonic, which is what a good constipation remedy should be. Thousands, who once sent for a test bottle, now have Dr. Caldwell's Syrup Pepsin regularly in the house. It is the most scientific blending of laxative ingredients ever put before the world.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 508 Caldwell bldg., Monticello, Ill.

W. N. ANNOUNCES SUMMER SCHOOL

Teaching Corps Will Include 50 Teachers—Miss Goldsworthy Will Help Judge Drawing Exhibit

Western Normal's detailed announcement of the sixth summer term has just been issued and is being sent throughout the state. It contains the names of the faculty which will include about 50 instructors, and has cuts of the new training school building, training school exhibits, the railroad and various other interesting features of the school. The cover which is in yellow and brown, was designed by Miss Mary Anderson of the senior class.

There will be an especially strong corps of instructors for the summer school this year, several well known educational people in the state having been engaged to assist in various departments. These will include Principal Paul Hickey of the Battle Creek high school; Supt. C. H. Carrick of Charlotte; Supt. W. E. Conkling of Dowagiac; Principal R. R. Gould and Prof. E. N. Worth of the Kalamazoo high school; Commissioner A. M. Freeland of Kent county; Aiba Hill, supervisor of manual training at Rock Island, Ill.; Miss Eleanor Judson, supervisor of art at Toledo; Miss Christine Keck, principal of the Sigbee school, Grand Rapids; Miss Nellie McConnell, of Teachers' College; Commissioner G. N. Ottwell of St. Joseph county; Miss Jane E. Petrie, director of the Manitowish County Normal; Commissioner James Swain of Branch county; Miss Eva Warriner of the Calhoun County Normal.

Miss Goldsworthy has been selected as one of the judges at the state exhibition of drawing at Michigan Agricultural college May 14. A number of students in the art department will accompany Miss Goldsworthy to Lansing on this occasion.

HOME CURE FOR ECZEMA

Oil of Wintergreen, Thymol, Glycerine, Etc., Used as a Simple Wash. It really seems strange that so many people suffer year in and year out with eczema, when it is now no longer a secret that oil of wintergreen mixed with thymol, glycerine, etc., makes a wash that is bound to cure. Old, obstinate cases, it is true, cannot be cured in a few days, but there is absolutely no sufferer from eczema who ever used this simple wash and did not find immediately that wonderfully soothing, calm, cool sensation that comes when the itch is taken away. Instantly upon applying a few drops of the wash the remedy takes effect, the itch is allayed. There is no need of experiment—the patient knows at once. Instead of trying to compound the oil of wintergreen, thymol, glycerine, etc., in the right proportions ourselves we are using a prescription which is universally found the most effective. It is known as the D. D. Prescription, or Oil of Wintergreen Compound. It is made by the D. D. Co., of Chicago, and our long experience with this remedy has given us great confidence in its merits. WHAT BROUGHT THE WILBUR HOME TO KALAMAZOO

Twenty-five years ago last October, Dr. C. T. Wilbur, who had been superintendent of the Illinois State Asylum for the Feeble Minded at Lincoln, Illinois, of nearly 20 years, resigned his position, with a design of going to some good location and purchasing property, and establishing a private Asylum or Home for the Feeble Minded, as there was no establishment of the kind in the west. He thought it would be a good scheme to have an institution, with a limited number of inmates, so that special attention could be given the inmates, and they would not be mixed up with all sorts and conditions of inmates, such as are gathered in the state institutions for this class of person. His design was to go to some point within 150 miles of Chicago, so as to have Chicago as a center to collect inmates from, and the several cities of Milwaukee, St. Louis, Detroit, Indianapolis and the cities in the contiguous states to Illinois, where he had gained quite a reputation in the line of work which he had spent many years in experience in.

Observing an advertisement in the Chicago Tribune of a prominent real estate man in Chicago, Dr. Wilbur went to him and visited several places that he had for sale with a view to purchasing in Wisconsin. Mr. E. W. DeYoe of this city had been asked to try and find a purchaser for the property of the Smith estate in Kalamazoo. He went to Chicago and called on the Tribune Co., who sent him to the real estate agent with whom Dr. Wilbur was in communication. This real estate agent informed Dr. Wilbur of the place for sale in Kalamazoo, and Mr. DeYoe was communicated with. Dr. Wilbur then visited Kalamazoo to inspect the place. He came some time in February, 1884. The property was owned by a widow by the name of Smith. Negotiations were opened and the place passed into the hands of Dr. Wilbur, May 14, 1884, and the first pupil was admitted upon that date.

QUEEN OF HORSES TO HAVE JUMPING CONTEST

Circus Will Open Here Next Saturday and Will Be Lively.

In order to make the "Society Circus" of Madame Maratette, that will pitch here next Saturday, and remain one week, during which time several matinees will be given, as attractive as possible, and as exciting as the law allows a jumping match will be arranged for.

The managers of the circus after prevailing on the horse queen to enter into such a contest got her consent, and late last night she wired her local representatives the following: "I will jump with St. Patrick, who now holds the world's record of 7 feet 10 1-4 inches, over stiff bars, for a purse of one thousand dollars a side, the money to be deposited in the City National bank. Conditions of the challenge are:

"I am to select a judge and the party who accepts the challenge to choose one, and the two judges to select a third judge. The bars to be placed at 6 feet 6 inches for the first jump and each horse to have five trials. The bars are then to be raised to 7 feet 10 1-4 inches, after that each owner of

horses have the right to raise the bars as he sees fit until the money is won.

"Each owner may hold his own bars, but said bar is not to be stretched to the upright. The winner to take the entire purse according to the decision of the judges."

The circus will be given for the benefit of the Boy's Band, the Business college Zouaves and the Y. M. C. A. gymnast.

Kills Her Foo of 20 Years.

"The most merciless enemy I had for 20 years," declares Mrs. James Duncan, of Haynesville, Me., "was Dyspepsia. I suffered intensely after eating or drinking and could scarcely sleep. After many remedies had failed and several doctors gave me up, I tried Electric Bitters, which cured me completely. Now I can eat anything. I am 70 years old and am overjoyed to get my health and strength back again." For Indigestion, Loss of Appetite, Kidney Trouble, Lame Back, Female Complaints, its unequalled. Only 60c at E. M. (Special to the Evening Telegraph.)
CHICAGO, May 4.—Four base running and inability to hit "Doc" White's curves when hits were most needed—these may be summed up as the reasons for the defeat of the Tigers by the White Sox Monday. The champions might have made it two straight from "Billy" Sullivan's colts. They might have scored on at least four occasions—but for some one of the Tigers who was out stealing, some one who struck at three wide ones, or who popped an easy fly to the infield, just when it looked as though a Detroit tally was imminent. Chicago took the games by a score of 4 to 0.

A Postponed Game.
The game was not played according to Ban's program. It was the contest postponed from April 21, that seemed to reduce the champion's lead and incidentally send the White Sox up a little further in the percentage column.
Mr. E. Willett, the Wichita person, who started to pitch for the Tigers in Sunday's game, but who was dickered in place of "Big George" Mullin, in the second round, was again the choice of Hughie Jennings. Edgar pitched a fairly good game for the league leaders, allowing the Sox eight hits, all singles, and fanning three. White was found by the champions for six hits and has four strikeouts to his credit. The difference between the pitching of the two slabsmen, however, lay in the fact that the Chicago man's hits were

scattered—very thinly scattered—while Edgar's, sad to relate, came in bunches.

Some Star Catches.
Both teams played a fast game in the field each making but one misplay. It was the first warm day that the fans have had in many hours and the weather seemed to live up to the players. Hahn, Bush and Willett each pulled off stunts that drew bursts of applause from the audience of some 3,000 fans. The work of the Sox outfielder shone with particular brilliancy, and he set the stands wild in the final round, when he made a one-handed spear of O'Leary's foul, a seemingly impossible stunt.

Bush was all over the lot. He got in front of more than one crack good for a hit and prevented possible scores. But the diminutive short stop was also trying for a home run for his team. He landed on the ball for two of Detroit's six hits and also purlined a sack. The score:

LOVING CUP FOR HAL CHASE.
NEW YORK, May 4.—Hal Chase's return to first base, after a siege of smallpox, was signalized Monday by the presentation to him of a silver loving cup by his teammates, and a 9 to 6 victory over the Athletics. The game, however, was otherwise featureless and slow.

Schitzer was knocked out of the box in the first inning, and Dygert, who succeeded him, fared little better. Krause, pitching for the Athletics during the latter four innings, was fairly effective. Chase made one hit, but scored three runs. Pitcher Chesbro reported to Manager Stallings today. Score:

BOSTON BUNCHES HITS.
BOSTON, May 4.—Boston won from Washington Monday by a score of 7 to 1, by bunching hits in the fourth and eighth innings. Chech pitched in good form with men on bases. Gantley's batting was a feature. Score:

PITTSBURG GETS ANOTHER.
CHICAGO, May 4.—Pittsburg captured their fourth straight game from Chicago Monday, winning easily on gifts, steals, sacrifices and clean hitting. Wagner's batting and base running were the bright spots in an otherwise listless game. Honus got five hits, including a walk and stole three bases. Aside from this and five fielding chances, he was almost useless to the Pirates. The score:

BROOKLYN BEATEN IN NINTH.
BROOKLYN, May 4.—Boston gained what appeared to be a very safe lead by scoring six runs in the fourth inning Monday, but two innings later Brooklyn had tied the score. In their final round at bat, however, the visitors hit in two runs and won, 9 to 7. Both teams battled freely, necessitating the employment of five pitchers. Bates led in the batting with a single, double and triple. Score:

LOCAL SAVANTS PULL VICTORY OUT OF DEFEAT IN THE NINTH; FAST GAME DESPITE CHILL BLASTS FROM OVER THE HILLS.

Kalamazoo College set the student rooters wild Monday afternoon when they started off the home season by winning from Hillsdale college by the score of 3 to 2.

With the score 2 to 1 in favor of Hillsdale in the opening of the last of the ninth things didn't look rosy for the home team but the movement to set the game on ice started immediately when Wilcox hit to short stop and was safe on the error. Smith struck out but Stone lost control, walking Kinney, and before he settled down he had the fans wild by walking Mack and filling the bases. Mumford came to bat and had two and two on his when the unexpected happened. With the infield playing out for a drive Mumford ducked and went down the third base line and everybody was safe, Wilcox scoring with the tying run.

The crowd was wild and with the bases still full looked for a hit, but again the unexpected happened and Biss was sent up to bat. Kinney was away with the throw and although the ball was bunted close to the plate Ted beat the ball to the rubber and the winning run was scored.

Close All the Way.
Although the weather was rather raw for baseball a good crowd was present at the game to cheer up the team in their first home game and under the direction of Yellmaster Norton they succeeded in doing their share of the work.

The game was close all the way, the home team getting away with but one error while the visitors succeeded in pulling up 7 which aided the Orange and Black very materially. Although Kalamazoo had men on third several times during the first few innings when they needed hits they couldn't connect with Stone and the result was that Hillsdale opened the scoring in the third.

There was one down in this period when Stone singled, stealing second a moment later. Watkins picked one of Miles' offerings and whaled it into left for two bases. Stone scored. Watkins reached third a moment later and tried to score on a throw from left, but was caught between Kinney and Biss and was tagged out while sliding home. Walrath fanned.

In the last part of the third Miles was blocked off first. Stone and Walrath attempted to slide back to the base but his shoulder so that he was forced to give way to Mack who finished the game in good shape, holding the Blue and White hitters to four scattered hits.

Visitors Score Again.
Again in the eighth the visitors suc-

ceeded in tallying again. Stock hit a slow one down the first base line which couldn't be fielded. He stole second, advanced to third on a fielder's choice, scoring when Lords singled to left.

Kalamazoo started the blood of the fans going in their part of the eighth when Mumford singled, stole second and went to third on a passed ball. Biss hit one through second, but the throw was high, Mumford scoring and Biss safe. He stole second and third but could get no farther, the side being retired without further chance to tally.

Hillsdale was easy in the ninth and then Kalamazoo started the work which ended in victory for the Orange and Black.

Mack pitched good ball and held the visitors safe all the way while his support was excellent. On the other hand Stone was rather wild and his support was not of the best.

Pollock, Kinney, Doubleday, went wild, this being the first winning game that they have had the privilege of watching in the past two years. Forming in a long line they marched around to the loaves of the various members of the faculty and made each one come forth with a speech. The score:

SENATORS LOSE THIRD GAME TO ADRIAN, 5 TO 3

Lansing Gets All Her Runs in the Second, After Which Home Team Piles Up Winning Scores.

(Special to the Evening Telegraph.)
ADRIAN, Mich., May 4.—Adrian took the third and last game of the series from John Morrissey's Senators Monday, in a game which could be considered far from bad in the middle of the season. The score was 5 to 3, and after the second inning, in which Lansing secured all her runs, the Senators were allowed but three scattered hits.

In the second, doubles by Ford and Oberlin, and singles by O'Brien and Bryer were responsible for Lansing's runs. In Adrian's half of the second, Worth and Weber doubles, Porter sacrificed and Sullivan singled, which netted two.

In the fifth, a third came due to a fielder's choice, a stolen base and a Lansing error. In the seventh, errors netted a run, and in the eighth poor box work by Mason, in which he hit two men and issued a pass with the bases full, allowed the fifth tally.

For the locals, Brindle started the game, but was hit in the head by a pitched ball in the fifth inning. Molebash, who relieved him, allowed but two hits. For Adrian Weber and Worth featured with the stick, while Morrissey and O'Brien hit well for the Senators. Wednesday Jackson plays at Adrian. Score:

NEW YORK STOCKS.

WALL STREET CURRENT.

(By Associated Press Leased Wire.)
NEW YORK, May 4.—An irregular tone prevailed today at the opening of the stock market. The market was generally steady, with a few exceptions. The industrial stocks were strong and made some conspicuous advances. Central Railroad of New Jersey rose 2, American Cotton Oil 1 1/4, and Illinois Central, St. Louis Southwestern preferred, American Car, American Smelting and Refining, and American Beet Sugar large fractions. Reading opened with sales of 4,300 shares at an advance of 1/4. There was a good proportion of declines including some of the most prominent stocks but they were all limited to small fractions.

Large amounts of Reading were thrown on the market which caused a reaction in the railroad stocks. Reading fell back a point while Union Pacific sold at a much lower price. The market was generally steady, with a few exceptions. The industrial stocks were strong and made some conspicuous advances. Central Railroad of New Jersey rose 2, American Cotton Oil 1 1/4, and Illinois Central, St. Louis Southwestern preferred, American Car, American Smelting and Refining, and American Beet Sugar large fractions. How much of your time do you actually spend working for your landlord?

Twenty per cent of his income is said to be what the average man pays for rent.

The average man spends, then, one-fifth of his time in working just to keep a roof over his head.

You have done enough to help enrich others. Set about to get a home of your own. Instead of paying dividends to a landlord, you will be collecting them yourself, for a home is a straight out and out dividend paying investment. See us about the matter without delay.

Here are some offerings that will look good to the home seeker.

Six room house on Grace street, close in; city water and gas; \$43 lot; \$1,800, easy terms.

Six room house on Reed street, convenient to two car lines, close to industrial; \$1,400; \$50 down and easy payments.

Seven room house on Clinton Street, in No. 1 condition inside and out. Bedroom downstairs; front hall, gas, hard and soft water, cemented cellar; good location. A big bargain at \$1,800; \$100 down.

We have others, too, if these do not suit you. If you want a house built, select a lot and pay \$100 or more down and we will build you a house and let you pay the balance in low monthly payments.

A Study In Space!

William A. Todd, 510 Boudeman Bldg., Kalamazoo, took some space in our Real Estate number, published April 22, 1909, advertising his high-class properties and business chances.

May 3, 1909, he received this letter:

Bellevue, Pa., May 1, 1909.

Mr. William A. Todd.

Dear Sir:

I find in your "ad" in the Kalamazoo Evening Telegraph a warehousing proposition advertised for \$700.00. Kindly explain the nature of this business, where located, and expenses to run the same. Does it pay over \$100.00 net per month? If satisfactory, I will come out and look it over. Awaiting your reply I am

Yours truly,

M. KING,

(Signed) 139 Sheridan Ave., Bellevue, Pa., Allegheny County.

Pretty Wedding

A pretty home wedding took place
Saturday afternoon at 4 o'clock at the
home of the bride's parents in Lan-
sing when Miss Elizabeth Kohberger
was united in marriage to Clyde K.
Van Halst of this city. The ceremony
was performed by Rev. Frederick
Krause in the presence of only the
immediate family and a few intimate
friends. The house was attractively de-
corated for the occasion with large
quantities of palms and cut flowers.
The bride was attired in a beautiful
gown of lavender silk and carried
bride's roses. She was attended by her
sister Miss Gussie Kohberg. Arthur
C. Van Halst, brother of the groom
acted as best man. Mr. and Mrs. Van
Halst will be at home to their friends
after May 5, at 911 Mays Park court
in this city.

nounce That They Will Hold
Memorial Services Next Sun-
day.

Special services will be held in several
Kalamazoo churches next Sunday, the
occasion being "Labor's Memorial Sun-
day," which is observed by members of
trades unions throughout the country.

Presbyterian church, Rev. U. L. Mont-
gomery, of the North Presbyterian
church, will hold services in the eve-
ning, and Rev. W. J. Peterson, of the
Portage Street Baptist church in the
morning.

For the past five years the depart-
ment of church and labor of the Pres-
byterian church has observed the day,
with appropriate services. It has been
made a calendar day. It is a day set
aside in honor of the millions of toilers
who daily serve mankind in the humble
places of life.

A social meeting of the Trades and
Labor council will be called, and the
members of the trades unions in Kala-
mazoo will be urged to attend the serv-
ices.

OBITUARY

Mrs. Moritz Weaver.

While paying a short visit to the
home of her son, Mrs. Moritz Weaver,
84 years of age, died suddenly at 4
o'clock this morning of heart failure.
She was apparently in the best of
health up until a few days ago, and
went about her daily routine in the
usual manner. She had left her home
at 818 Walnut street to call on her
son Anthony, living at the corner
of Lovell and Park streets.

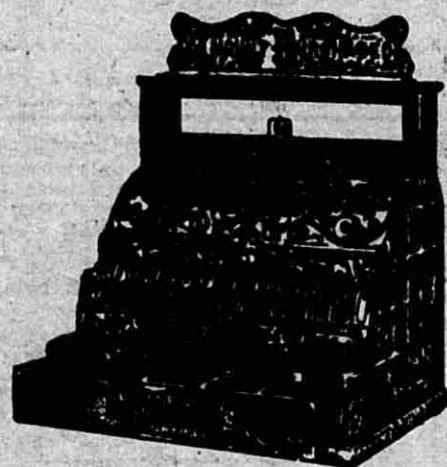

She was a pioneer German resident
of the city, and had made her home
here for the past 55 years. She was
widely known throughout Kalamazoo
county.

Four sons, Jack of Grand Rapids,
Anthony, Charles and Henry, of this
city and two daughters, Mrs. Wil-
liam Dunham, Marion, Mich., and
Edward Weber of this city, survive.
The funeral will be held at 2 o'clock
Thursday afternoon at the home of
her son Anthony Weaver, corner of
Park and Lovell street. The Rev. C.
E. Bradley of the Episcopal church
will officiate. A short ritualistic ser-
vice will be conducted by the members
of the A. U. V. a German organization
of which she was a member. Burial
in Riverside cemetery will be private.

Miss Eliza Collison.
Miss Eliza Collison, 52 years of age,
died at 6 o'clock Tuesday morning at
the home of her sister, Mrs. A. J.
Osborn, 322 Reed street. She had been
in poor health for several months. Miss
Collison was born in New York state,
Nov. 26, 1857. She came here with
her parents in 1866, and since that
time had made her home continuously
in Kalamazoo. Three sisters, Mrs. Mary
Rumble, Plainwell; Mrs. Sylvia Bagley,
Orangeville; and Mrs. Sarah Osborn,
of this city; and three brothers, Joseph
Collison, Plainwell; Henry Collison,
Orangeville, and William Collison, of
this city survive. The body will be
taken to Orangeville for burial.

Zardus Sanford.

**Satisfactory
Methods**

IT'S not all dollars and cents is busi-
ness; besides profit, there's the satisfac-
tion that comes with success. Your sat-
isfaction is our satisfaction; that's very
important to us—to see that you get the
right goods, at prices and terms with which
you are satisfied; we make it a business of
dealing out satisfaction to customers. The
assurance of good merchandise, reasonable
prices and easy terms of payment is the
foundation of all. We're never satisfied
unless our customer is; those who have
ever traded here will bear us out in this
claim. Anything at a try time that is not ex-
actly right will be made right, promptly,
willingly and justly.

Here is a couch that is built on a solid oak frame,
golden hue, elegantly carved and polished; it is of
the Turkish shape, upholstered with a fine grade of
English Verona, a fabric that will wear well; a full
set of steel springs rest on an iron foundation, so
fastened one to the other that they cannot tear
loose, or lose their shape. 'In looks this couch is
really handsome, in construction perfect. Our price,
cash or credit is—

\$15.00

The same couch upholstered with a first class
grade of Boston leather, but with a diamond tufted
top, every tuft fastened with a patent steel button,
clinched below—

\$18.50

If bought on charge account, we will make the
terms of payment at the rate of 50c a week.
